

\$29K in Energy Efficiency Incentives Presented to Rideout Health Group

November 28, 2012, Fremont, California: Rideout Health Group was the recipient of \$28,800 in cash incentives for the hospital's participation in the HEEP program funded by PG&E and operated by Willdan Energy Solutions. Dick Ponder (on left in photo), Willdan's Director of Programs, presented the check to Mike Pierce (on right in photo), Projects and Facilities Director for the hospital. With Willdan's assistance, the cash incentives were realized as a result of first year savings of 34.5 kW, 122,437 kWh, and 21,930 therms, which resulted from addition of VFD's and lighting upgrades, as well as boiler and refrigeration upgrades.
