

Training Courses for School Personnel

“Having been through a fire, two earthquakes, and gang activity at school, this training was perfect. I now feel much more prepared.”

DHS Approved

IS 700 and 800b; ICS 100, 200, 300, and 400

Course tailored to schools.

IS and ICS Courses meet the new 2008 NIMS Five-Year Plan mandates.

Why WHS?

- Nationally recognized subject matter experts (fire, law enforcement, education, public health)
- Decades of actual emergency management coordination and response
- Over 500 satisfied client agencies
- Course tailored to your specific jurisdiction
- State and Federal approved training
- TED reimbursement for eligibledistricts.
- Practical, realistic and locally-based

The U.S. Department of Homeland Security and Education recommend all key personnel involved in school emergency management and incident response take the NIMS/ICS training courses and support the implementation of NIMS. All school districts receiving Federal funding must be NIMS compliant.

Who Needs NIMS Training?

Key Personnel

- **General Personnel**—Personnel with any role in emergency preparedness, incident management or response such as faculty and educators, school resource officers, counselors and bus drivers.
- **Critical Personnel**—Personnel with a critical role in response such as Incident Commander, command staff, general staff or member of another key campus emergency management team.

■ Leadership Personnel—

Personnel with a leadership role and are typically obligated to command and management during incident response in the absence of traditional incident response personnel (e.g. school incident commander)

Required NIMS Training

General Role—IS 700 and ICS 100

- Emergency Management Team members
- Nurse and Health Officials
- School Security Official
- Counselors, Psychologists, Psychiatrists
- IT Specialists
- Bus Drivers
- Facilities, Housing, and Food Preparation Staff Administrators
- Educators/Faculty
- Coaches and Athletic Staff
- Resource Staff, paraprofessionals and support personnel

NIMS/ICS Training Courses for School Personnel

Willdan has had two primary objectives since our inception in 1964—ensuring the success of our clients and enhancing our surrounding communities. Working steadily toward these goals we gained a notable reputation for technical excellence, cost effectiveness, and client responsiveness in providing superior engineering and planning consulting services. In recent years Willdan has expanded our service offerings into several vital areas including financial and economic analysis, homeland security, environmental remediation, and sustainability. We have crafted this set of integrated services so that, in the face of our evolving environment—whether economic, natural, or built—Willdan can continue to extend the reach and resources of our clients.

Willdan Homeland Solutions

specializes in a broad range of public safety and homeland security consulting services that focus on integrating local resources and assets within state and federal systems. Staffed with highly experienced and credible law enforcement, fire, and related public safety professionals, our primary clients are cities, counties, and related municipal service agencies including utility and water companies. Additionally, we provide a variety of services to port and transportation authorities as well as tribal governments, schools, and large business enterprises with a need for homeland security-related services.
