Why EOC Training?

A critical part of the emergency management process involves operating an emergency operations center (EOC). A well-designed EOC can greatly enhance the coordination and support of response and recovery activities. Defining clear operating procedures, staff roles, and responsibilities are essential to creating an effective local government disaster response.

Why Willdan Homeland Solutions?

- Nationally recognized subject matter experts (fire, law enforcement, public health)
- Course tailored to your specific jurisdiction
- State- and Federal-approved training
