

GOVERNMENT & K-12 ENERGY EFFICIENCY PROGRAM

SOLAR + STORAGE

The Government and K12 (GK12) Energy Efficiency Program has partnered with Swell Energy to offer turn-key services for local government solar and storage projects.

The GK12 Solar + Storage Program provides a streamlined path to meet your energy, resiliency and on-grid energy use goals!

BENEFITS

- Generates utility bills savings
- Protection from rising energy costs
- Supports building electrification
- Provides clean, quiet, emergency back-up
